

Sinclair
Broadcasting
deciding to air
anti-Kerry messages
on the air, while
refusing to
broadcast anti-Bush
messages in the
past. is a clear
violation of free
speech in American
that is required in
media ownership
rules.

I challenge you to
face up to your
responsibility and
shut down this abuse
now. I challenge
you to avoid your
personal views and
do what is the right
thing. Media
ownership is a
business that is
regulated to ensure
that we do not end
up in a 'police
state' type of
media, and this
challenges that
position.

Please make sure we
have equal and open
airwaves for all.

I'm watching.
